ROCKY HILL MINE

Good reports continue to come from the Rocky Hill mine, and the last block of treasury stock has been sold.

The mill and cyanide plants are in operation and are saving 97 per cent of the values. The capacity of the battery is to be increased as soon as the machinery arrives. This will give almost double the present output.

SALVATIONISTS PROTEST

The Salvation Army of Reno protests against the recent suggestion of the police of that city that the army be requested to hold their meetings in future on the north side of the track. The Salvationists maintain that the only place to catch the crowd is on Commercial Row or Center street, and they conclude their protest with these words: "We hope that the city fathers, who have acted so wisely in the past, will do nothing to bring the wrath of God upon them as some cities have."

BILL GATES BANKRUPT

SEATTLE, SEPT. 14.—Swiftwater Bill Gates, the Alaska miner, who has gained national notoriety as a spend thrift, filed a petition to be declared a bankrupt in the federal court this afternoon. Gates sets up his assets as \$200 in cash, wearing apparel worth \$100 and a watch and chain. Court judgments amounting to nearly \$200,000 were given as his liabilities. Gates swore he had no real estate of any character.

HEAVY EARTHQUAKE FELT

GUAYAQUIL, Sept. 14.—Earthquake tremors continue in various localities in the interior of Ecuador. Wednesday there were three heavy shocks at Latacunga, capital of Leon and forty miles south of Quito. No damage was done.

Barnes and Levina, the Irish comedians who have been expected since Monday by the Park theatre management, arrived this morning.

Billy Beauchamp, of Silver Peak, has concluded to remain in Carson City several days longer than he may have the opportunity to capture a few ducks at Washoe Lake and some few grouse in the mountains.

An unknown man, claiming to be from Bridgeport, California, was found in the field near Alerton's yesterday. He is a very sick man but will be cared for until his friends can be found and notified.

OPPORTUNITY FOR INVESTORS

The Silver Queen Mining Company of Oakland, California, owning and operating mines in the I. X. L. Mining district, Churchill county, Nevada, offers to the public a limited number of shares of treasury stock at 25 cents per share, incorporated under the laws of Arizona, stock non-assessable and no stockholders liability. The property consist of 3000 feet of a mineralized dyke, 300 feet wide, all of which carries mining values.

The company has recently uncovered 50 feet of a 2 foot ledge assaying from \$114.00 to \$556.00 a ton. A tunnel is nearly completed cutting the ledge at the 100 foot level and work has begun to cut the ledge of the 300 foot level. Every dollar of treasury stock will be used for development of the property and for erecting a concentrating plant.

This is a bona fide proposition and the shares are sure to advance in value. Write for prospectus and further

information. The number of shares is limited.
